### الموضوع | صيانة أجهزة X-RAY

تحية طيبة...

أنطلاقاً من مبدأ التعاون المثمر بين شركات القطاعين العام والخاص والاهتمام المشترك ورغبتنا الجادة بأن نكون جزءاً من النشاط الفعال والمنتامي في مجالات النفط والصناعة والكهرباء.

تتقدم شركتنا بعرض خدماتها في مجال فحص وصيانة اجهزه التصوير الشعاعي (X-Ray) نوع (Balteau) البلجيكية الصنع (Directional & Crawler) وحسب التخويل الحصري الممنوح لشركتنا من قبل شركه ( Balteau ) وكذلك امكانية فحص وصيانة اجهزه التصوير الشعاعي الصينية الصنع والانواع الاخرى.

و في حالة وجود اجهزة تحتاج الى صيانة يرجى تزويدنا بالمعلومات ادناه.

1- نوع الجهاز (Model & Type)

2- الرقم السري (Serial No.)

3- طاقة الجهاز KV & MA

4- تحديد نوع العطل (Error Code) والجزء العاطل مع ارفاق صورة لكل حالة عطل (اذا امكن)

وللمزيد من المعلومات يرجى مراسلتنا على البريد الالكتروني [inspection@al-rook.com](mailto:inspection@al-rook.com)

شاكرين اهتمامكم وتعاونكم معنا

"TO WHOM IT MAY CONCERN"

Dear Sir,

You receive this letter because we have the pleasure to count you as one of our numerous esteemed customers in Iraq.

Your X-ray machine is most likely working on a daily basis, facing a harsh environment at all time and with such a heavy duty, a **local technical support** is always crucial.

This is why we are proud to announce that the company **AL-ROOK Engineering Services Co. Ltd** has been authorized to take care of the local service and repair of our x-ray equipments in Iraq.

Together with Al-Rook, we will offer you the opportunity to have a local access to operations such as **calibration, preventive maintenance and repair** of your equipment. Al-Rook is therefore directly reporting to Balteau Service Department.

As a preliminary action we are looking for an assessment of the working status of the existing pool of Balteau equipments in Iraq.

Therefore, we would be grateful if you could give a warm welcome to Al-Rook's engineers and give them an access to your machine(s) for a first inspection. Your input by sharing your own observation and feedback will be highly appreciated as well.

We thank you in advance for your cooperation and would like to take this opportunity to thank you also for your trust in BALTEAU and its high quality X-ray generators.

Yours sincerely

F. CARPENTIER

CEO  
BALTEAU NDT sa
